Application Form

To stimulate maximum interaction between lecturers and participants, the committee of the PANDORA Summer School will only admit a **limited number of participants**. All applications will be reviewed to find a fair distribution of the available places among all qualified applicants from the various institutions. In case of conflict, preference will be given to the participants who filed their application earlier. **Applications are due Sept. 6th, 2016**. Their participation is guaranteed after the organizers send the acceptance confirmation email. They will then receive detailed information about the summer school (detailed schedule, list of participants, important addresses and phone numbers, procedure to submit a poster).

Send you application form at pandora@microlab.ntua.gr

1. **First Name:**

2. **Last Name:**
