2nd Place at CyberChampions Award 2016 for the ITIV-Spin Off emmtrix Technologies GmbH

The CyberChampions Award takes place once a year and addresses young companies in the IT and high-tech industry. At this year's award ceremony the founding team of emmtrix Technologies GmbH was awarded with the 2nd place.

emmtrix Technologies provides software development tools, which significantly simplify and optimize multicore programming for embedded systems (e.g. driver assistance systems).

We congratulate the founding team consisting of Dr.-Ing. Timo Stripf, Frederik Riar, Michael Rückauer, Oliver Oey and their mentor and scientific advisor Prof. Dr.-Ing. Dr. h. c. Jürgen Becker.

F.l.t.r.: Katrin Schütz (Secretary of State for the Ministry for Economic Affairs, Employment and Infrastructure of Baden-Wuerttemberg), Oliver Oey, Michael Rückauer, Dr.-Ing. Timo Stripf, Frederik Riar, Dr. Frank Mentrup (Lord Major of Karlsruhe)
